A  
summer camp  
that integrates  
music, dance and cultural art  
for a wonderful communal experience!  
Elin Palmer and Kristen Demaree join together  
to teach music and dance from various cultures around the world.  
Students can learn the dances of the music they play  
on recorder, violin, ukulele, singing and percussion.  
They will be sharing this experience  
by playing music and dancing together,  
arts and crafts are also a part of the daily activities.  
At the historic Altona Grange in Boulder County.
